Product Discontinuation Announcement – Certain variants MACH104 Product Family

Dear Valued Customer,

This letter serves as your formal notification that Belden will discontinue certain variants of the **MACH104 product family**, which is part of **Hirschmann’s Classic Software platform**.

Hirschmann’s Classic Software Switches were launched between 2005 and 2010 and played a ground-breaking role in the adoption of Ethernet in industrial environments. In line with our commitment to our product longevity, and our customers’ requirement for continuity, we are still manufacturing the same products today.

Due to changes in the semi-conductor industry, procurement of chips based on older process node technologies is no longer possible, and this directly affects our capability to manufacture certain variants of the MACH104 switches.

The [GRS106](#) Family is part of Hirschmann’s latest hardware generation. This product family is a tried and trusted product line and run the state-of-the-art Hirschmann Operating System HiOS. Our product families running HiOS software are drop-in replacements for their Classic Software based equivalents. This allows a gradual and planned migration to the latest technology, with no unscheduled downtime.

Discontinued Products

Last Order Date: December 31, 2023

Discontinued products	Description	Suggested Alternative	Description
942003001	MACH104-20TX-F	942287xxx	GRS106
942003101	MACH104-20TX-FR		

The standard warranty terms apply to all products delivered up to the last delivery date. For more information on Belden’s Long Term Product Support Policy for Industrial Connectivity products, please visit [Long Term Product Support \(LTPS\)](#). Active special contracts in place prior to the announcement date will be honored according to the terms of that contract, with regard to product availability, warranty, or support terms.
